

## ASH 2020 Corporate Supporters

The American Society of Hematology is the world's largest professional society concerned with causes and treatments of blood disorders. The Society provides opportunities for corporations, foundations, and other organizations to engage with hematologists around the world and demonstrate support that advances the field of hematology. ASH is grateful for the generous support of the following companies in 2020.

### ASH Corporate Friends

To learn more about ASH commercial support opportunities, contact Angela Georgopoulos at [ageorge@hematology.org](mailto:ageorge@hematology.org) or call (202) 823-4882.
