The American Society of Hematology (ASH) and the ASH Foundation gratefully acknowledge the generous charitable gifts noted below, which provide philanthropic support for ASH awards and programs. These generous donors have helped advance ASH's mission with additional funding for research, education, global programs, and professional development. Thanks to strong operational support from ASH, 100% of all charitable gifts to the ASH Foundation directly benefit ASH programs.

We are grateful to these donors who gave generously during the fiscal year of July 1, 2020 to June 30, 2021 and to all donors who contribute to support ASH programs and research. While every effort has been made to list donors accurately, we apologize for any unintentional omissions or errors.
